## Condition Codes

### Excellent = 4

"Excellent" condition means the vehicle looks new, is in excellent mechanical condition and needs no reconditioning. This vehicle has never had any paint or body work and is free of rust. The vehicle has a clean Title History and will pass a smog and safety inspection. The engine compartment is clean, with no fluid leaks and is free of any wear or visible defects. The vehicle also has complete and verifiable service records. 5% of all used vehicles fall into this category.

### Good = 3

"Good" condition means that the vehicle is free of any major defects. This vehicle has a clean Title History, the paint, body and interior have only minor (if any) blemishes, and there are no major mechanical problems. There should be little or no rust on this vehicle. The tires match and have substantial tread wear left. \_\_\_ "good" vehicle will need some reconditioning to be sold at retail. Most consumer owned vehicles fall into this category.

### Fair = 2

"Fair" condition means that the vehicle has some mechanical or cosmetic defects and needs servicing but is still in reasonable running condition. This vehicle has a clean Title History, the paint, body and/or interior need work performed by a professional. The tires may need to be replaced. There may be some repairable rust damage.

### Poor = 1

"Poor" condition means that the vehicle has severe mechanical and/or cosmetic defects and is in poor running condition. The vehicle may have problems that cannot be readily fixed such as a damaged frame or a rusted-through body. \_\_\_ vehicle with a branded title (salvage, flood, etc.) or unsubstantiated mileage is considered "poor." \_\_\_ vehicle in poor condition may require an independent appraisal to determine its value.
